

Zoe Boyle

CSC 3320

Lab 2

- A. `/home/zboyle1`
- B. The first time I used the `ls` command, nothing was in the directory, so nothing showed up. After I made the `csc3320` file and then used the `ls` command, `csc3320` showed up in the output.
- C. `pwd`
- D. `mkdir lab2`
- E. `cd lab2`
- F. The `'>'` character puts output into the file. We use the We use CTRL+D at the end to exit the file.

```
[zboyle1@gsuad.gsu.edu@snowball lab2]$ cat -n myLab2.txt
  1  My name is Zoe Boyle
```

- G. `[zboyle1@gsuad.gsu.edu@snowball lab2]$`

```
[zboyle1@gsuad.gsu.edu@snowball ~]$ pwd
/home/zboyle1
```

- H. `[zboyle1@gsuad.gsu.edu@snowball ~]$`
